NEW YORK, February 26, 2020 – *Inc.* magazine today revealed that InterImage, Inc. is No. 172 on its inaugural Inc. 5000 Series: D.C. Metro list, the most prestigious ranking of the fastest-growing private companies in D.C., Maryland, Virginia, and Delaware. Born of the annual Inc. 5000 franchise, this regional list represents a unique look at the most successful companies within the D.C. Metro economy's most dynamic segment—its independent small businesses.

The companies on this list show stunning rates of growth across all industries in the D.C. metropolitan area. Companies based in the Washington, D.C., Baltimore, and Richmond, Virginia, metro areas brought in the highest revenue overall.

More about *Inc.* and the Inc. 5000 Regional Series

Methodology

The 2020 Inc. 5000 Regional Series is ranked according to percentage revenue growth when comparing 2016 and 2018. To qualify, companies must have been founded and generating revenue by March 31, 2016. They had to be U.S.-based, privately held, for profit, and independent—not subsidiaries or divisions of other companies—as of December 31, 2018. (Since then, a number of companies on the list have gone public or been acquired.) The minimum revenue required for 2016 is \$100,000; the minimum for 2018 is \$1 million. As always, *Inc.* reserves the right to decline applicants for subjective reasons.
